SG IS FUND - GLOABL CONSERVATIVE ALLOCATION PORTFOLIO

Monthly Factsheet

INVESTMENT OBJECTIVE

The investment objective of the Sub-Fund is to provide mid-term growth to investors from a diversified portfolio of investments. The portfolio will be actively managed, providing an active exposure to fixed income, equities and alternative investments, through mutual fund and direct holding investments picking. The overall risk of the fund is intended to be consistent with that of a conservative portfolio.

Actual weighting and investment allocations are subject to change on an ongoing basis and may not be exactly as shown. Investors should understand the different asset classes which make up the strategy as they have different risk characteristics. Investments may be subject to market fluctuations and the price and value of investments and the income derived from them can go down as well as up. Your capital may be at risk and you may not get back the amount you invest. The tax benefits and liabilities will depend on individual circumstances and may change in the future.

The content of this document should not be interpreted as an investment service or as investment advice, and under no circumstances is it to be used or considered as an offer or incentive to purchase or sell a particular product. The content is intended for information purposes only and to provide investors with the relevant reference information for any investment decisions. It has no regard to the specific financial objectives of any individual investor, nor may it be construed as legal, accounting or tax advice. Past performance is no indication of future results.

Similarly, the present document is not intended as an incentive, offer or solicitation to invest in the asset categories listed herein. Investors are warned that the placing of stock market orders requires a perfect understanding of the markets and their governing legislation. Before investing, they must be aware that certain markets may be subject to rapid fluctuations and are speculative or lacking in liquidity. Accordingly, certain assets or categories of assets listed in the present document may not be appropriate for investors. In certain cases, investments may even bear an indeterminate high risk of loss that exceeds the initial investment made. Investors are therefore urged to seek the advice of their financial advisor or intermediary in order to assess the particular nature of an investment and the risks involved and its compatibility with their individual investment profile
