SG IS FUND - EURO FIXED INCOME

A sub-fund of SG IS Fund

Class Retail EUR (RE) - LU1023727867

SG IS Fund is authorised in Luxembourg and is submitted to the supervision of the Luxembourg financial authority, Commission de Surveillance du Secteur Financier (CSSF).

Management company: Société Générale Investment Solutions (Europe)

Objectives and Investment Policy

Objectives

The investment objective of the sub-fund is to seek regular income by investing primarily in Euro denominated debt. The sub-fund aims at meeting the long-term challenges of sustainable development while delivering financial performance by the combination of financial and extra-financial criteria, integrating environmental, social and governance criteria (ESG).

Investment policy

The Sub-Fund will invest predominantly in Euro denominated debt securities and related instruments domiciled in European countries (minimum 80% of the assets of the Sub-Fund). The Sub-Fund may invest in the following securities:

- Debt instruments issued by governments, State agencies or by supranational entities
- Corporate debt instruments principally rated Investment Grade (rating BBB- or higher delivered by Standard and Poor's or equivalent to BBB- or higher in the opinion of the Investment Manager). It may also opportunistically invest in High Yield debt securities with a rating of at least B-/B3 (up to 40% of the Sub-Fund's net assets)
- Debt instruments such as bonds with fixed coupon, variable coupon, floating coupon, step coupon, indexed coupon or zero coupon
- Convertible bonds and structured products (up to 10%).
- Money Market Funds (up to 20%).

The average duration of the portfolio will be typically between 1 and 8 years.

Sustainable investment policy

The Sub-fund promotes environmental and/or social characteristics within the meaning of article 8 of the Regulation (EU) 2019/2088 of 27 November 2019 on sustainability-related disclosures in the financial sector, by taking into account ESG criteria in its investment process. The Investment Manager addresses ESG factors throughout the investment process by incorporating i) an exclusion policy completed by ii) an ESG Integration policy.

i) Exclusion policy

The Sub-Fund excludes of the investment universe companies that have significantly and repeatedly transgressed one of the 10 United Nations Global Compact principles, or having controversial activities such as thermal coal, chemical weapons etc., or being involved in one or more recent very severe controversies under the MSCI nomenclature (red flag). With regards to the portfolio construction, the portfolio management team employs norms and value-based exclusions as well.

ii) ESG Integration policy The Sub-Fund follows a Best-in-Class approach by investing in issuers whose ESG rating is greater than or equal to BB (leading and average rating) on a scale of AAA to CCC (CCC being the worst) according to the MSCI ESG rating system. On an exceptional basis the Sub-Fund might have exposure to an issuer rated on an average B, up to a maximum of 3%. For issuers not covered by MSCI, the Sub-Fund employs an in-house ESG process, based on negative/exclusion, ESG criteria screening/ranking and norm-based screening.

Benchmark

The Sub-fund is actively managed with reference to the following benchmark: ICE BoFa 3-5 years Euro Corporate Index, ICE BoFa 3-5 years Euro Government Index and Ester. For the avoidance of doubt, the benchmarks are used for performance comparison.

Sub-Fund Currency

The Class RE is an accumulation unit in EUR.

---	---	---	---	---	---	---

The investment process begins with the defining of a risk budget, in terms of volatility in order to remain compliant with the risk profile of the Sub-Fund.

Why is this share class in this category?

The Sub-Fund is at present situated at the level 3 of the synthetic indicator of risk, due to investment in a variety of high-quality and medium-quality issuers, the majority of which will be intermediate term investment-grade and high yield corporate bonds.

Historical data, such as are used in calculating the synthetic indicator, may not be reliable indication of the future risk profile of the Sub-Fund.

The risk and reward category shown is not guaranteed to remain unchanged and that the categorisation of the Sub-Fund may shift over time. The lowest category does not mean a risk-free investment.

Investments may be subject to market fluctuations and the price and value of investments and the income derived from them can go down as well as up. Your capital may be at risk and you may not get back the amount you invest.

The Sub-Fund can be also exposed to the following risks which are not adequately taken into account by the indicators of risk above:

Counterparty Risk

Refers to the likelihood that an opposite party in a transaction will not fulfill their contractual obligations, such as the payment of principal or the other side of a trade.

Liquidity Risk

The markets in which the Fund invests might become less liquid meaning that the Fund is unable to deal at the most beneficial time and price.

Credit Risk

The issuer of a security in which the Fund has invested is unable to meet payments of principal or interest resulting in a loss for the Fund.

Operational Risk

Refers to a failure or delay in the system, processes and controls of the fund or its service providers which could lead to losses for the fund.

Market Risk

Refers to the possibility for an investor to experience losses due to the overall performance of the financial markets.

Concentration Risk

Refers to the risk of significant losses if the fund holds a large position in a particular investment that declines in value or is otherwise adversely affected, including default of an issuer.
