MOOREA FUND - GLOBAL CONSERVATIVE ALLOCATION PORTFOLIO

A sub-fund of Moorea Fund

Class Retail EUR (RE) - LU1506378568

Moorea Fund is authorised in Luxembourg and is submitted to the supervision of the Luxembourg financial authority, Commission de Surveillance du Secteur Financier (CSSF).

Management company: Société Générale Private Wealth Management S.A.

Objectives and Investment Policy

Objectives

The investment objective of the fund is to provide mid-term growth to investors from a diversified portfolio of investments.

The portfolio will be actively managed, providing an active exposure to fixed income, equities and alternative investments, through mutual fund and direct holding investments picking. The overall risk of the fund is intended to be consistent with that of a conservative portfolio.

Investment policy

The Sub-Fund will primarily invest directly or indirectly in fixed income, floating rate securities, equities and alternatives funds compliant with UCITS rules.

The Sub-Fund is also authorized to invest in structured products such as EMTN and certificates qualified as transferable securities. There will be no derivatives within the above-mentioned certificates.

The Sub-Fund will invest mainly in developed markets and in some liquid emerging markets included within the MSCI Emerging markets benchmark.

Sustainable investment policy

The Sub-Fund promotes environmental and/or social characteristics within the meaning of article 8 of the Regulation (EU) 2019/2088 of 27 November 2019 on sustainability-related disclosures in the financial sector.

The Sub-Fund integrates "Environmental, Social and Governance" (ESG) criteria within mutual fund selection and portfolio management investment decisions.

The investment manager is assessing ESG characteristics of the mutual funds using data provided by external ESG providers, including MSCI, as well as proprietary ESG analysis. The proprietary ESG analysis includes, among other, analysis of the mutual funds underlying responsible policies, analysis of

stewardship activities, analysis of the ESG characteristics of the underlying portfolios.

The Sub-Fund aims to exhibit a superior ESG score versus the benchmark. The ESG portfolio score is assessed by comparing the average score of the portfolio against the benchmark. The ESG score of the underlying assets is provided by the external ESG data provider MSCI. The portfolio coverage by ESG score is at minimum 70% (out of cash and/or cash equivalent).

Benchmark

The Sub-fund is actively managed with reference to the following benchmarks: MSCI USA, MSCI Europe, MSCI Japan, MSCI Emerging Markets, Ice BofAML Euro Gov, Ice BofAML Euro Corp, Ice BofAML Euro HY, HFRU HF Composite, LBMA Gold Price.

For the avoidance of doubt, the benchmarks are used for performance comparison.

Sub-Fund Currency

The Class RE is an accumulation unit in EUR.

---	---	---	---	---	---	---

The investment process begins with the defining of a risk budget, in terms of volatility in order to remain compliant with the risk profile of the Sub-Fund.

Why is this share class in this category?

The Sub-Fund invests mainly in fixed income, floating rate securities, equities and alternatives funds around the world. Such securities have historically been subject to significant price movements that may occur suddenly due to equity and bond market or company-specific factors. As a result, the performance of the Fund can fluctuate considerably over time.

Historical data, such as are used in calculating the synthetic indicator, may not be reliable indication of the future risk profile of the Sub-Fund.

The risk and reward category shown is not guaranteed to remain unchanged and that the categorisation of the Sub-Fund may shift over time. The lowest category does not mean a risk-free investment.

The value of your investment may fall as well as rise and you may get back less than you originally invested.

The Sub-Fund can be also exposed to the following risks which are not adequately taken into account by the indicators of risk above:

Liquidity Risk

The Sub-Fund may lose money or be prevented from earning capital gains if it cannot sell a security at the time and price is most beneficial to the Sub-Fund and may be unable to raise cash to meet redemption requests.

Operational Risk

Operational risk refers to a failure or delay in the system, processes and controls of the Sub-Fund or its service providers which could lead to losses for the Sub-Fund.

Market Risk

The value of equity and equity-linked securities may fluctuate in response to the performance of individual companies and general market conditions.

Concentration Risk

The Sub-Fund may be subject to significant losses if it holds a large position in a particular investment that declines in value or is otherwise adversely affected, including default of the issuer. Otherwise adversely affected, including default of the issuer.

Emerging Markets Risk

Emerging markets may be subject to increased political, regulatory and economic instability, less developed custody and settlement practices, poor transparency and greater.

Exchange Risk

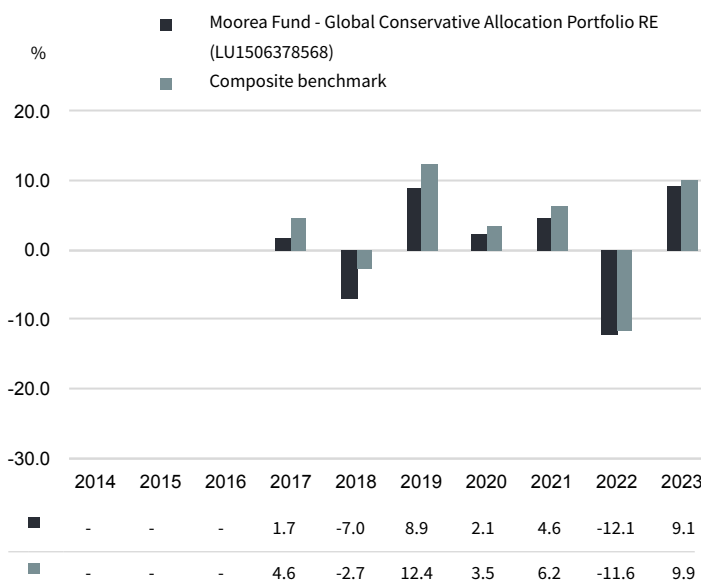

Movements in currency exchange rates can adversely affect the return of your investment.
