MOOREA FUND - EUROPEAN EQUITY QUALITY INCOME

A sub-fund of Moorea Fund

Class Retail USD (RU) - LU2108470738

Moorea Fund is authorised in Luxembourg and is submitted to the supervision of the Luxembourg financial authority, Commission de Surveillance du Secteur Financier (CSSF).

Management company: Société Générale Private Wealth Management S.A.

Objectives and Investment Policy

Objectives

The Sub-Fund seeks to provide long-term capital appreciation over a cycle of 5 years, primarily through investments in a portfolio of European Equities. The aim of the Sub-Fund is to identify companies that exhibit sustainable quality and income characteristics.

Investment policy

In order to achieve its investment objective, the Sub-Fund will invest at least 70% of its assets in equity securities of companies domiciled in or exercising the predominant part of their economic activities in Europe. The Sub-Fund will principally invest in European large cap equities (issued by companies with a capitalization of at least 5 billions EUR at the time of purchase).

The Sub-Fund aims to deliver a smoother risk adjusted return profile than the broader European equity market in combining both quantitative screening criteria and fundamental stock selection.

The fundamental stock selection exploits both financial and extra-financial analysis. The extra-financial analysis uses Environmental, Social and Corporate Governance (ESG) data with a scoring methodology. Integrating these criteria aims at selecting the companies having the best capacities and capabilities to reach their financial objectives while being the model corporate citizens in today's challenging economic, political and climate environment. The portfolio will be mainly invested in stocks of companies exhibiting "High Quality" factors: regular dividend yields, high visibility on company business activities, consistent risk/adjusted return while mitigating volatility at a portfolio level.
